Education

KIET Deemed to be University (CGPA - 8.5)

Bachelor of Technology in Computer Science and Engineering

September 2023 – July 2027

Ghaziabad, Uttar Pradesh

Experience

TBI KIET

June 2024 – August 2024

Software Intern

Ghaziabad

- Engineered a Flutter-based News App for farmers, featuring secure authentication, dynamic news feeds, and reel-style scrolling, resulting in 40% faster content discovery and a 30% improvement in retention
- Integrated APIs to deliver 1000+ daily agriculture-focused news articles, reducing search time by 50% through the use of query-based search parameters
- Collaborated with team members using version control systems such as Git to organize modifications and assign tasks.

Projects

Healthly | *Python, Apache Kafka, Zookeeper, MySQL, Microsoft PowerBI*

December 2025

- Engineered a healthcare data pipeline using Kafka and Python to ingest patient records into a star-schema warehouse.
- Designed data models and automated patient data generation with random diseases, costs, and timestamp for analytics.
- Built a real-time analytics dashboard in Microsoft Power BI to visualize Disease and Revenue based reports.

Ganges - Flood Risk Mapping | *Python, PostgreSQL, Microsoft PowerBI, Jupyter Notebook*

March 2026

- Built a geospatial pipeline using Python and GeoPandas to analyze elevation, rainfall, and proximity for flood risk in the Ganges River basin.
- Developed a flood risk model combining rainfall, elevation, and distance to identify risk zones through spatial analysis.
- Created interactive maps and dashboards using Plotly/Folium and Power BI to visualize flood-prone regions.

E-commerce Analysis | *MS Excel, Python, Microsoft PowerBI*

August 2025

- Cleaned and processed e-commerce sales data using MS Excel to handle missing values and prepare data for analysis.
- Performed data transformation and exploratory analysis to identify sales trends and product performance using Python.
- Built an interactive Power BI dashboard visualizing revenue trends, top products, and regional sales insights.

Technical Skills

Languages: Python, Java, C, Dart

Developer Tools: Microsoft Excel, PowerBI, VS Code, GitHub, Jupyter Notebook

Frameworks: Apache Kafka, Pandas, Numpy, Spark, Databricks

Database: MySQL, PostgreSQL, Snowflake

Certifications

- Google Data Analytics Professional Certification - Coursera
- AWS Certified Cloud Practitioner
- Data Analytics Essentials - Network Academy by Cisco

Achievements

- Won multiple category awards at over 10 hackathons, demonstrating strong problem-solving and collaboration skills.
- Achieved an All India Rank of 2 out of 40,000 candidates in the RIE-CEE 2022 examination.
- Serving on the core organizing team for TEDx events, managing content and coordinating with speakers and volunteers.

Leadership / Extracurricular

TEDxKIET

March 2024 – Present

Lead Organiser

KIET Group of Institutions

- Spearheaded the creation of content, including scripts, briefs, and social media materials, ensuring professionalism.
- Facilitated all communication between TEDx Global and TEDxKIET chapter through professional channels and was responsible for licensing of TEDx Event Licenses.

CyberSecureX

June 2025 – September 2025

Organizer

KIET Group of Institutions

- Led planning and execution of a national cybersecurity conclave with over 300 participants across keynotes, workshops, and competitions like CyberQuest and ExploitEdge Bootcamp to provide hands-on exposure.
- Managed logistics, hospitality and team collaboration, gaining experience in event management.
